9-3A-1: APPLICATION FOR WATER SERVICES:

An application must be on file prior to water service being turned on and will signify the customer's willingness and intention to comply with the provisions of this code relating to regular water service, and to make payment for water service required. In the case of a tenant filing an application, an application will also be required of the property owner signifying his acceptance of responsibility to pay any tenant unpaid water and sewer charges on his property.

No application will be accepted unless payment in full has been made for water service previously rendered to the applicant by the city. Water will not be turned on if outstanding charges remain for that property. (Ord. 86-32, 4-3-1986) **Form Approved 07/2024**
