## **PUBLIC NOTICE: Water Main Replacement Project – Nyborg Estates**

The City of Solvang is pleased to announce the upcoming commencement of the Water Main Replacement Project in the Nyborg Estates neighborhood. **Construction is scheduled to begin July 21, 2025, with completion anticipated by February 25, 2026.** This essential infrastructure improvement effort will enhance the reliability and performance of the City's water system for years to come.

### **What to Expect**

As part of this project, crews will:

- Replace and relocate existing water mains
- Install new water meters, services, and valves
- Perform temporary water shutoffs to complete system tie-ins
- Decommission outdated facilities and complete surface restoration

You may notice an increase in activity in your area, including construction-related traffic, noise, and short-term service interruptions. Advance notice will be provided ahead of any scheduled water outages.

### **Project Oversight and Communication**

This project is being managed diligently by the City of Solvang in close coordination with our consulting engineers and selected contractor to ensure minimal disruption and efficient progress.

Our team is committed to keeping the community informed throughout each phase. Regular updates will be shared as work progresses to help residents and businesses plan accordingly.

If you have any questions, concerns, or would like to learn more, we encourage you to reach out to one of the contacts below. We are here to support you and respond to any inquiries you may have throughout construction.
