SOLVANG, CALIFORNIA

PUBLIC NOTICE: Nyborg Estates Waterline Replacement Project Update

The project continues to progress on schedule and is moving forward smoothly. We are pleased to provide this update on the ongoing work and look forward to successfully completing this important Utility CIP project for the residents of the Nyborg Estates neighborhood and the City of Solvang.

Project Updates

- **Water tie-ins:** Tierra Contracting anticipates completing all water-infrastructure tie-ins prior to the Thanksgiving holiday (*Thanksgiving is Thursday, November 27, 2025*).
- **Road restoration:** In the two weeks following Thanksgiving, the contractor will complete asphalt restoration throughout the neighborhood.
- **Property restoration:** Crews will also restore personal property (e.g., landscaping, hardscape, and other affected features) to pre-project condition.

Next Phase: Sunrise Village / Viborg & Alamo Pintado Valve Replacements

- **Scope:** Replace inoperable valves in the Sunrise Village neighborhood and along the Viborg and Alamo Pintado corridors.
- **Schedule:**
 - **Pre-holiday prep:** Valve prep work and exposing valve locations prior to the Christmas holiday.
 - **Construction:** Valve replacement work beginning after the New Year.

Traffic & Access

- Expect intermittent traffic control and brief lane closures in work areas during valve replacement. Please follow posted signage and flagger directions for everyone's safety.

Project Map

- A map showing valve replacement locations is attached for reference.

We are committed to transparent updates on your Utility CIP projects and look forward to sharing progress on additional improvements soon. If you have any questions or concerns, please contact:
